The following was sent to program directors.

Mathematical Reasoning Institute Low Enrollments

If you have any staff who are planning to enroll in the CCRS and 2014 GED® Mathematical Reasoning Institute with Bonnie Goonen and Susan Pittman, we encourage them to enroll ASAP. KYAE would like to provide all six cohorts; however, at this time, enrollment is low in the following cohorts:

Cohort #2 – Glasgow
Cohort #3 – Louisville
Cohort #4 – London
Cohort #5 – Paintsville

If enrollments do not increase by September 4, we will have no choice but to cancel at least two of these cohorts and combine their enrollments. You've told us you need help with the math section of the GED® test, so Bonnie and Susan have prepared an institute designed to help you address the issues with math. We don't want anyone to miss out on this opportunity.
